It's only FL

They are correct for groundwater. The only question I have is for surface water, were we supposed to use the TX PCA or are we just looking at FL? The graphs are correct I think if we are just focused on FL.

Just checking that you confirmed that they are the right figures?

I'm trying to update the monitoring figures. Should I use the copy that Jim sent?

Hi, Team:

As I am having difficulties working on the SharePoint, I have downloaded and made the changes.

Please read over and see if needs any additional updates.

Hope it is ready for signatures.

Thanks much.

Jim

Hi,

We need to sign this by tomorrow so I'm just following up on where we are. I am in the document and notice that we still need to update fig 3-2 and 3-3 if we want to Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I noticed that the minor revisions from RD on the use summary portion had not been completed yet, so I made those changes, but it would be good if someone double checked to make sure I captured them all.

Hi, Team:

Ex. 5 Deliberative Process (DP) so Figure 3-2 and 3-3 need to be modified.

Hope this is it! Let me know if any more.

Thanks much.

Hi team,

This is the version (Jim sent on 12/30 before we made the changes yesterday to remove the two inches. It does not have TX in it. Please check on this version.
